Waste Management Policy

Public summary | POL-53 | Version 2026.10.23

Reviewed and approved 23 October 2026 | Approved by the Managing Director

Soniclean (South Yorkshire) Limited aims to prevent avoidable waste and handle the waste within our work safely and responsibly.

Safe waste handling

We follow agreed site arrangements for segregation, storage and collection, with checks on the applicable legal responsibilities and authorised waste routes. Specialist or unexpected materials are escalated rather than handled outside our competence.

Controls and responsibilities

Our full policy covers recycling, hazardous waste, records, incidents and contractor responsibilities. It does not claim that Soniclean is authorised to carry every type of waste or that all waste is recycled.

Working with clients

The directors oversee the policy through our quality management system. We review arrangements with clients and act on identified problems.

Questions and concerns

Policy enquiries: compliance@soniclean.co.uk | 0114 437 2337

Ask for a director. If a concern involves one director, contact the other directly or use an appropriate external reporting route.

This is a summary of POL-53, version 2026.10.23. The full policy provides the responsibilities and procedures. Next scheduled review 23 October 2027.
